2312 CLASS SIZE

The Superintendent shall recommend for Board approval the number of class sections for each grade. The Superintendent shall also make recommendations for the special needs of experimental programs, certain course sequence requirements and predicted future pupil enrollments.

The Board shall limit and equalize class sizes in accordance with sound educational principles and the fiscal and physical limitations of the system.

Particular attention shall be paid to space-per-pupil requirements of the State Department of Education.

Adopted: 02 April 2007
